Employee Spotlight:

Carolyn Kenyon

Position:

Secretary

Department: Human Resources

Years employed with the city: 5 years

What do you enjoy most about working for the city? The best part of working in Human Resources is the one-on-one contact with City employees. Being able to assist them with various concerns is one of the BEST parts of my job. I coordinate benefits and process all new hires and that gives me an opportunity to meet and greet each new member of the City of Thibodaux team. As a people person, it is my pleasure to interact with our employees and citizens of Thibodaux.

What changes (if any) have you seen occur in the city over the months/years? Once again, meeting the needs of our employees is a primary concern for the department of Human Resources, and to that end I have seen many improvements to our various healthcare benefits. The Wellness Program that provides an opportunity for an annual health assessment including blood work is of tremendous value to our employees; saving each employee money and providing health information that may detect concerns at a very early stage. This year we added a Vision Plan. We were able to offer our employees additional life insurance benefits as well as short term and long term disability benefits. All of these benefits enrich the lives of our people.
