

Andolsek Park Restrooms are Complete!

"We were able to partner with the Parish on this endeavor so the cost of the project (about \$108,000) was shared. I know the permanent restrooms are appreciated by all participants and spectators of Andolsek Park sporting events."

~Mayor Charles Caillouet

In 2009, the city began seeking "partners" to help fund the Andolsek Restroom Project. Fortunately, Lafourche Parish agreed to assist with funding and the city started taking the necessary steps to complete the \$108,878 project.

The project was contracted out to LA Contracting Enterprise, LLC and was completed during the first quarter of 2010!
