

Senior Center Parking Lot

"The addition created about 25 more parking spaces, but more importantly the parking lot addition provides a safer exit for seniors who regularly attend activities at the Thibodaux Senior Center."

~Mayor Charles Caillouet

The Senior Citizen Parking Lot Expansion Project is complete!

The project was funded, in part, with a \$130,000 grant from the Lorio Foundation.

Center participants can exit onto President Street instead of the busier Canal Boulevard.
